## **Privacy Policy**

Last updated: October May 19, 2025

This Privacy Policy describes how information is managed in the **Visible** game for users under the age of 13.

### **Information Collection**

We want to reassure parents and guardians that we do not collect any personal information from our users, especially those under the age of 13. We do not request names, email addresses, or any other identifying information.

### **In-Game Advertisements**

The Game may feature third-party advertisements as a means of monetization. These advertisements may use technologies such as cookies or similar technologies to provide relevant content. However, these technologies are not used to collect any personal information from users.

### **In-App Purchases**

The Game does not involve in-app purchases. All features and functionalities are accessible without the need for any financial transactions within the app.

### **Third-Party Links**

The Game may contain links to external websites or services. We do not have control over the content, privacy policies, or practices of these third-party sites or services.

## **COPPA Compliance**

We fully comply with the Children's Online Privacy Protection Act (COPPA) by not collecting any personal information from users under the age of 13.

## **In-Game Advertisements**

The Game may feature third-party advertisements as a means of monetization. These ads are served via **Google Mobile Ads (AdMob)**. While AdMob may use cookies or similar technologies to deliver ads, we ensure that our app is **configured to treat all ad traffic as child-directed**, in compliance with the Children's Online Privacy Protection Act (COPPA).

We do not allow personalized (interest-based) advertising in the Game. Only contextual ads, suitable for children and compliant with COPPA and Google Play's Families policies, are shown.
